FINAL JOURNEY

Tracy Lazonby Funeral Arranger

Final Journey offers you a meaningful, affordable alternative to the traditional funeral - No black hearse, limousines, embalming or undertakers in black.

We offer an affordable and modern quality service that helps you at a time when you need it most.

According to the latest annual report produced by Sun Life Direct, The average cost of dying – including funeral, burial or cremation and state administration – stands at £7,622 with the price of a funeral at £3,456.

At Final Journey, we offer a stripped out simple alternative to mourning suits and black cars. This allows you to tailor the funeral to just how you want it to be.

You only get one chance to get the funeral right and we know how important it is. It is your last chance to say goodbye and to create a funeral that truly reflects the life and character of the person you care about.

We can help you create a farewell ceremony on your own terms whether it's at home, in a pub, village hall, football ground or even a boat on a lake.

We strive to ensure that the Final Journey is right

A Simple Cremation

A Simple Cremation separates the cremation from the funeral ceremony. Free from using the Crematorium and with the ashes portable, you are then free to hold a memorial or celebration of Life service anywhere you want.

The Ceremony could be held at home, in the garden, on a hilltop, river or lakeside. It could be in the Village Hall or your favourite pub.

Ashes can be scattered as part of the ceremony - Perhaps you want them sent up in a firework as part of an evening ceremony or even turned into a diamond.

How it works

- Meeting with you at home
- Completion of necessary paperwork
- Doctors Cremation fees
- We collect and care for the body prior the cremation
- Simple Wooden Coffin
- Cremation - There is no funeral service
- Delivery of the ashes back to you in a simple Urn

COST £1350

In cases where the coroner is involved and there is no need for Doctors medical certificates (Cremation forms 4 and 5) the fee of £160 will be reimbursed back to you.

Woodland Burial

Woodland Burial is designed to provide a natural woodland style setting. It provides an alternative burial site, which has a low impact on the environment. Each grave is marked by an oak tree raised and supplied by local growers. The grass areas are maintained in a similar way to the conservation areas to promote floral and faunal diversity.
